Instructions

1. The operator, well name and number, field or unit, well location, and any other pertinent data shall coincide with the official records on file with the Commission. If it does not, an explanation shall be given.
2. If an injection well is to be drilled, an Application for Permit to Drill - Form 1 (SFN 4615) shall also be completed and accompanied by a plat prepared by a registered surveyor and a drilling fee.
3. Attach a lithologic description of the proposed injection zone and the top and bottom confining zones.
4. Attach a plat depicting the area of review (1/4-mile radius) and detailing the location, well name, and operator of all wells in the area of review. Include: injection wells, producing wells, plugged wells, abandoned wells, drilling wells, dry holes, and water wells. The plat shall also depict faults, if known or suspected.
5. Attach a tabulation of data on all wells within the area of review that penetrated the proposed injection zone. Include: location, date drilled, total depth, well type, construction, and record of plugging or completion. Data may be submitted in schematic form.
6. Attach a description of the needed corrective action on wells penetrating the injection zone in the area of review.
7. Attach a brief description of the proposed injection program.
8. Attach a quantitative analysis from a state-approved laboratory of fresh water from the two nearest fresh water wells. Include legal descriptions.
9. Attach a quantitative analysis from a state-approved laboratory of a representative sample of water to be injected.
10. Attach a list identifying all source wells, including location.
11. Attach a description of land ownership within the area of review. List ownership by tract or submit in plat form.
12. Attach an affidavit of mailing certifying that all landowners within the area of review have been notified of the proposed injection well. Include copies of letters sent.
13. Attach all available logging and test data on the well concerning the proposed injection zone that has not been previously submitted.
14. Attach schematic drawings of the system including current well bore construction and proposed well bore and surface facility construction.
15. Attach a Sundry Notice - Form 4 (SFN 5749) detailing the proposed procedure.
16. Read Section 43-02-05-04 of the North Dakota Administrative Code to ensure that this application is complete.
17. The original and four copies of this application and attachments shall be filed with the Industrial Commission of North Dakota, Oil and Gas Division, 600 East Boulevard, Dept. 405, Bismarck, ND 58505-0840.
